Boffo brings a legacy of
award-winning communities
to West Coquitlam

A BEAUTIFUL STORY CONTINUES

Boffo Developments has built a solid reputation and a loyal following over 50 years. We've achieved this by designing and building homes for a truly exceptional homeowner experience. An obsession for detail is inherent in every Boffo home, and our disciplined attention to design results in a very unique brand of livability.

Every Boffo community is built intentionally, with a longterm legacy in mind – not just our own, but for that of our homeowners. To protect that legacy, we continue to care for our buildings long after they are built – as everything we build is a reflection of who we are.

Building on our past successes, we look forward to continuing our legacy in West Coquitlam in a place where design excellence and community are brought together.

Experience Boffo

Jewel I + II, Metrotown Burnaby
COMPLETED 2012

Modello, Metrotown Burnaby
COMPLETED 2017

GOOD THINGS COME IN PAIRS

Smith & Farrow is a collection of thoughtfully designed condominiums and townhomes. This will be the eighth collaboration between Boffo and Chris Dikeakos Architects. Once again CDA has brilliantly brought to life the vision for the community.

The market tower offers 340 one, two and three bedroom homes within the 46-storey tower plus eight exceptional townhomes. The adjacent 21-storey tower comprises purpose-built rental condos and townhomes, with building ownership and management retained by Boffo. Each building will have their own exclusive amenity packages, with the outdoor pool, hot tub, sauna + steam room and pool house games room shared among all residents.

Boffo is proud to bring home ownership and rental opportunities together to create a holistic community in Coquitlam's burgeoning neighbourhood.

Smith & Farrow is perfectly positioned on the cusp of Burnaby and Coquitlam, surrounded by beautiful mountains and the tranquility of natural woodlands.

Enjoy 360-degree panoramic views of nearly the entire Lower Mainland - from the North Shore Mountains, Burnaby Mountain, Downtown Vancouver, Metrotown, the Fraser River and Mount Baker to the south.

WEST COQUITLAM

Nestled in nature, yet unmistakably urban, Smith & Farrow rises up from a serene pocket of the city on a quiet residential street. Enjoy the convenience of living close to restaurants, grocery stores, and schools. Parks, playgrounds, and forested trails are all around you. We are delighted to acquaint you with a few of the area's much-loved destinations including neighbouring Port Moody and North Burnaby.

JUST ONE LOOK AND YOU KNOW

An obsession for detail is inherent in every Boffo home and impossible to miss. Our homes are designed from the inside out, with the functionality and livability of every space at the forefront of our focus.

Following on from the success of The Smithe and Modello, we are delighted to introduce Boffo's signature floorplan into Smith & Farrow's offering. "Plan G" has a uniquely wide and shallow layout with 37-feet of continuous windows spanning across the extremely spacious living area. This west-facing plan is available with 2 or 3 bedrooms with 2 bathrooms and is showcased in the darker "Smith" scheme in the following photos.

Our second feature home is "Plan H" - featuring a window kitchen, a pantry wall with display niche and the largest patio of all floorplans. This north-west corner 2 bedroom, 2 bathroom plan is showcased in the white "Farrow" scheme photos.

37-feet of windows span across the wide living space, maximizing the outlook and welcoming hours of sunshine.

Over-height 7-foot doors open to 9-foot ceilings throughout

Locally-crafted custom cabinetry with recessed LED under-cabinet lighting

Fisher & Paykel + Bosch appliances integrated with cabinetry

Premium Hafele pull-out corner cabinetry

Fisher & Paykel 30" gas cooktop with electric convection oven

Undermount 27" single-bowl sink with fixtures in your choice of polished chrome or modern champagne finish

Bright and airy window kitchens in several floorplans

Generous storage, pantry and workspaces plus flexible options for dining table + islands with stone waterfall countertops

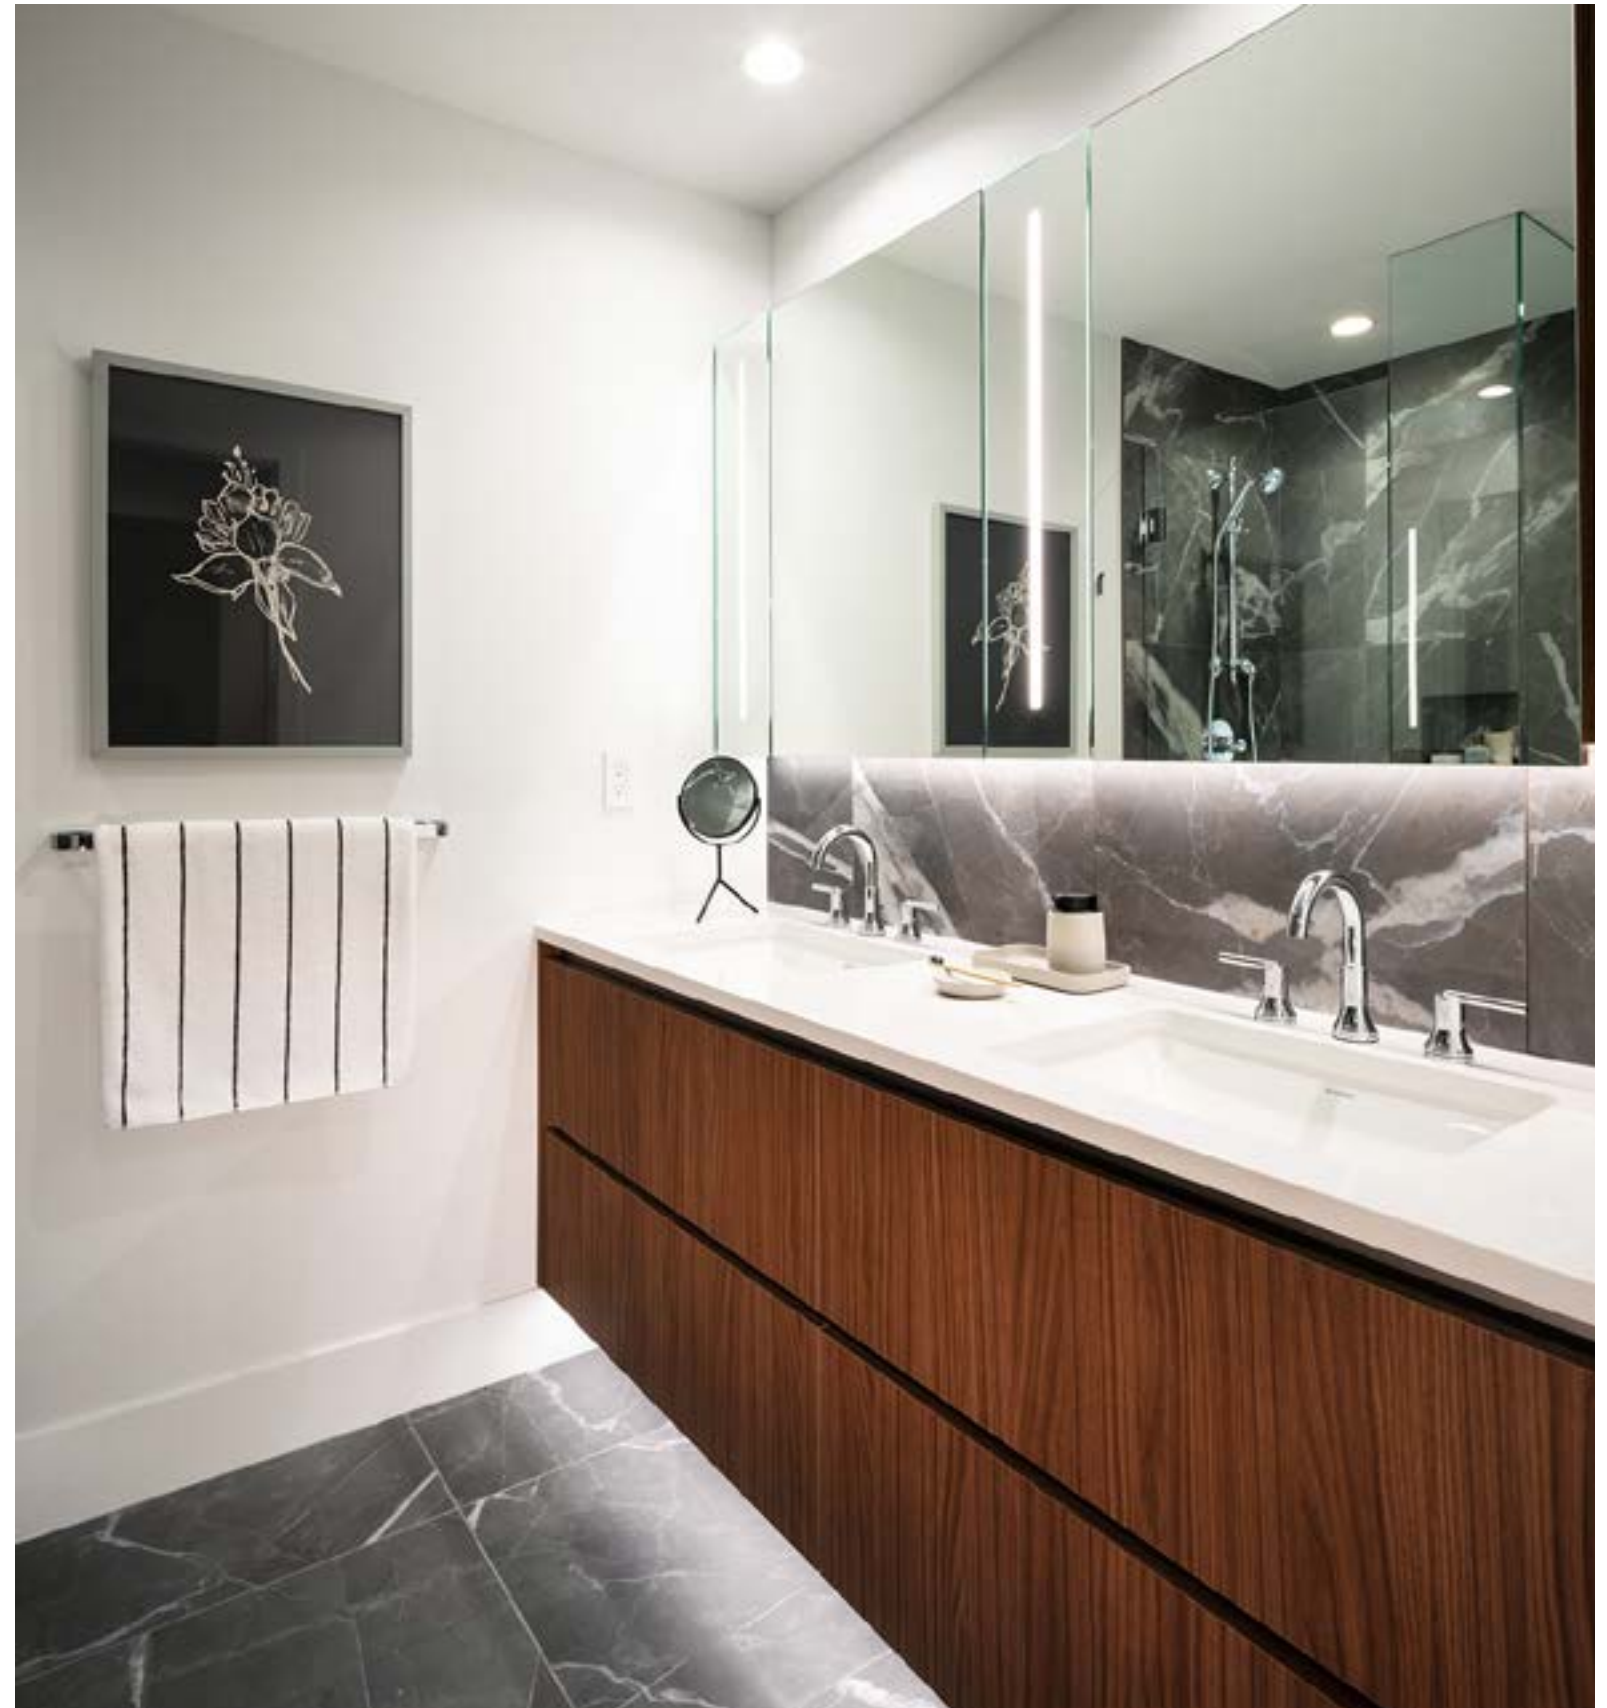

Spacious master bedrooms have full-height windows for maximum natural light

Heated ensuite floors / built-in shower + bathtub niche

Floating vanities feature under-cabinet lighting, ample storage and cabinetry drawers / multi-paneled vanity mirrors have integrated lighting and expansive medicine cabinets

Spacious outdoor living areas up to 233 sqft extend year-round outdoor living

Flexible spaces to make your own

Built-in customized wardrobe systems with integrated LED lighting

Entry niches to organize on-the-go essentials

Full-size washer and dryers with thoughtful storage solutions

OBSESS ABOUT THE DETAILS
