## SAFETY + SECURITY

Safety features incorporated through a comprehensive CPTED Analysis that identifies measures for Crime Prevention through Environmental Design – some of which include:

- Electronic key-fob controlled access at all building entry points
- Controlled underground parkade with secured entry gate, ample lighting and closed circuit camera
- Building entry equipped with enter phone and closed circuit camera
- Restricted access to each floor allowing only residents of that floor, permitted guests and management to enter
- Solid wood suite entry door with anodized lock set and peep hole
- All homes pre-wired for in-suite security system
- State-of-the-art fire protection including sprinklers and smoke detectors in every suite

## SUSTAINABILITY

- Designed with a focus on sustainability
- Low flow fixtures and water efficient landscaping minimizes water use
- High-efficiency Energy Star front-loading washer & Energide rated dryer and energy-efficient appliances reduce energy and water use
- Low VOC paints, adhesives and sealants used throughout development to improve indoor air quality
- Recessed balconies provide shading in summer to keep interiors cool
- Ample Glazing and operable windows provide plenty of natural light and fresh air for healthy and inspiring living spaces
- Recycling and garbage collection facilities make it easy for you to reduce, reuse and recycle.
- Local and recycled products used wherever possible to help reduce transportation costs, lower vehicle emissions and help support our local economy
- Conveniently located within walking distances of shops, dining, and entertainment, positioned directly in front of a transit stop, and with bike lockers and parking, you can stay out of your car and walk, transit, or bike to wherever you are going and reduce your carbon footprint

Dimensions, square footage and floor plans are approximate only. Final dimensions, square footage and floor plans may vary and will be determined by final strata plan measurements. Floorplates may differ from what is shown. Refer to architectural drawings. Final floor plans may be a mirror image of the floor plans shown above. The Developer reserves the right to make changes to the floor plans, project design, appliances, specification and features. E.-O.E.
