The developer reserves the right to make modifications and changes to building design, specifications, features, ceiling heights and floor plans without notification. Suite sizes are computed to the outside face of exterior walls, the outside face of walls adjacent to common areas and to the centerline of walls common to other suites. Measurements for exterior balconies and terraces are computed from the outside face of exterior walls to slab edges or the outside face of parapets. The flooring pattern shown on plan does not indicate the actual wood or laminate direction installed. The floor key may vary depending on the floor the suite is on. Room sets illustrated are the designer's and artist's suggestions of finishing and decorating style.
