The kitchen is the perfect place for the family to come together with its large granite island. A few of the upgrades include soft close cabinets and drawers, ceiling height double stained cabinets and upgraded appliances. Throughout you will find 9' ceilings, wiring for speakers inside and out, upgraded blinds and air conditioning. The upper level features 3 bedrooms, laundry room and a lofted bonus room. A master suite complete with a generous walk-in closet and en-suite with a oversized dual shower, dual sinks & full height mirrors. The basement has had framing, electrical and plumbing completed. The over-sized garage features an extended height door, loft storage and heater gas line. The exterior offers poured concrete sidewalks, an oversized back deck with pergola, BBQ gas line and hot tub. Please see the supplementary feature sheet for a full list of what this home has to offer.
