Sculptures by Nathan Scott

Nathan was born and raised in Victoria, British Columbia in a military family. In high school he had a keen interest in mechanics and after graduation he moved to the Yukon Territories where he worked as an aircraft engineer. He ultimately returned to Victoria where he found a lost love for art and began working with a muralist. From there he pursued sculpture wherein he created a life sized gardener made of concrete and sold it in his first show. He decided to pursue a career as a sculptor in both public and private art.

Nathan's most well known pieces are of **Terry Fox (Mile 0)** in Victoria, British Columbia, **The Homecoming**, which is a sculpture commemorating the 100th Anniversary of the Canadian Navy displayed in downtown Victoria and **The Bench People** in Sidney, British Columbia.

Most of Nathan's sculptures reflect his love for people, young and old, interacting with their particular situations and surroundings. Through his sculptures, Nathan hopes to take you back to a simpler life of days gone by with loved ones, family and friends.

Nathan and his family now reside in Merrit, British Columbia.
