YOUR PERFECT START IN INGLEWOOD

The main floor features a functional layout with a spacious Kitchen offering plenty of cabinets, a wall pantry, stainless appliances, and tons of counter space, plus a breakfast bar that opens into the Dining Area with deck access—great for entertaining or summer BBQs. The Living Room overlooks a playground across the street, while the Primary Bedroom offers a full wall of closets and easy access to the main 4 Piece Bath. A second Bedroom on this level is ideal for kids or guests.

The lower level is fully finished with a cozy Rec Room, 2 additional Bedrooms, a 4 Piece Bath, and a versatile Office that could also be used as a home gym or playroom. Laundry and storage complete the basement.

Outside, the west-facing backyard is fully fenced with new sod, a deck for relaxing, and a gravel area ready for your future firepit. Under-deck storage helps keep things organized, and the detached Garage adds even more function with space for vehicles, tools, or toys. Located close to schools, parks, shopping, and trails—this one checks all the boxes.
