RE Septic Tank Replacement
Permit # 17-460
1109 Springdale Park Road
Roll # 040 017 105

An inspection was completed by the Bracebridge Building Department, on October 5, 2017, upon request of the contractor.

The above noted project is considered complete in reasonable compliance with the Ontario Building Code and appears that all work has been completed as per application, therefore a *final* is granted and the file is closed.

NOTE: An effluent filter has been installed inside the septic tank on the outlet, the filter is required to be checked and cleaned periodically.

Sincerely,

Carl Stevenson
Deputy Chief Building Inspector
