REAL ESTATE 

# DETAILS

This charming property in Woodbury Village, Ainsworth Hot Springs, BC, is set up for seasonal use or year-round living. Located just 10 minutes south of Kaslo and 45 minutes north of Nelson, it features a beautifully upgraded setup. The newly constructed bunkie cabin creates an additional living space for guests or extra storage. The property also features a new shed from Kootenay Sheds, an outdoor shower, an upgraded hot water system, new siding, and barnwood wallpaper in the main living space. The property includes a spacious covered deck, a bright living room, and a laundry/utility shed with a large roof system. Thoughtful landscaping with small paths and trails creates a lovely outdoor atmosphere. Fully serviced with water, hydro, internet, and a septic system, this property also offers ample parking. The private community beach is within walking distance, and the southern exposure provides a sunny and inviting space with wonderful mountain views and partial lake views. There's room for further development, making this an ideal property for part-time use or live in full-time and develop as you wish. If you're looking for a peaceful retreat, this is a must-see!

The said approval and permission to construct, use and maintain the said works is, however, at all times subject to the following conditions:

1. That the construction and maintenance of the said works is carried out to the satisfaction of the Regional Director—Highways.
2. That any person appointed by the Regional Director—Highways for that purpose shall have free access to all parts of the said works for the purpose of inspecting same.
3. That the construction of the said works shall be commenced on or before the 30th day of August 19 92 and shall be prosecuted with due diligence and completed to the satisfaction of the Regional Director—Highways on or before the 30th day of November 19 92, or this permit is void.
4. That the safety, economy, and convenience of the travelling public must at all times be recognized and all traffic control must be undertaken by the permittee to the satisfaction of the Regional Director—Highways.
5. That where the said works are in the proximity of any bridge, culvert, ditch or other existing work, such work shall be properly maintained and supported in such manner as not to interfere with its proper function, and on the completion of the said works any bridge, culvert, ditch or other existing work interfered with shall be completely restored to its original condition.
6. That the permittee shall at all times accept full responsibility for any accident that may occur or damage that may be done to any person or property whatsoever caused directly or indirectly by the said works, and shall save harmless and keep indemnified the Crown from all claims and demands whatsoever in respect of the works. That, prior to proceeding with any excavation, the permittee will be responsible for notifying any utility company whose works may be close to or affected by the installation.
7. That the permission herein granted to use and maintain the said works is only granted for such time as the land on which the said work is constructed is under the jurisdiction of the Minister of Transportation and Highways.
8. This permission shall not be deemed to vest in the permittee any right, title, or interest whatsoever in or to the lands upon which the works are constructed.
9. This permission is contingent upon the following land use Single Family - One Home

Any change in land use shall render the permission void.

10. That should the proposed land use not be instituted within six months of the date of this permit or should it be instituted and subsequently discontinued for a period of 30 days, this permit shall be void.

11. This permission is granted only to the person or corporation named above, and any change in ownership to the property renders this permit void.

12. That while reasonable care will be taken on the part of the Crown to do as little damage as possible to any works authorized by this permit in the carrying-out of the construction, extension, alteration, improvement, repair, maintenance or operation of any public work adjacent thereto, the Crown and its employees accept no responsibility of any kind for such damage.

13. That, after receiving notice in writing of the intention of the Crown to construct, extend, alter, or improve any public works, the permittee shall within 30 days move or alter works authorized by this permit at his own expense to such new position or in such manner as may be necessitated by the construction, extension, alteration, or improvement, and that where such movement of access point or change of grade takes place there shall be no claim against the Crown for damages arising out of the changed access condition.

## Kaslo

With a population of just 1,000 is the largest community on the main body of Kootenay Lake. Kaslo is nestled in a valley, surrounded by a lush forest and Kootenay Lake. Downtown is thriving with artisans and artists, and a beautiful park with pristine beaches lines the village. Heritage buildings have been lovingly restored, along with the S.S. Moyie, the world's oldest intact sternwheeler.

The area's waterways and surrounding mountains provide plenty of opportunity for outdoor adventure.

## Outdoor Recreation

Explore Kootenay Lake in a powerboat, sailboat, kayak, or canoe. Renting a houseboat from Kaslo's Shipyard's fleet is another option. Go hiking on groomed trails or wilderness terrain in provincial parks. There are no less than five of these (and one rugged conservancy) nearby, including the stunning Kokanee Glacier Provincial Park. Boating, sport fishing, swimming, water-skiing, kayaking, canoeing, scuba diving, hiking, mountain & tour biking, ATV touring, golfing, horseback riding, cross-country skiing, snowmobiling, cat-skiing, heli-skiing, paragliding.

# COMMUNITY INFORMATION

## **Recreational Facilities**

Facilities in and around Kaslo include a 9-hole golf course, Ice Arena for public skating, hockey and curling, a number of Provincial Parks and campgrounds, a skateboard park, public beaches, tennis courts and riding arena.

## **Historic and Heritage Sites**

Kaslo village itself is home to several important historic and heritage sites including the SS Moyie, the world's oldest intact passenger sternwheeler. Its restoration has been passionately pursued by spirited volunteers for more than half a century. Aboard the SS Moyie enter a world of classic Victorian design and engineering and learn a whole lot about Kootenay Lake history.

## **Festivals and Events**

Give a big round of applause to this tiny community for hosting an exceptionally charming jazz event.

The Kaslo Jazz Festival draws music-lovers from far and wide in August, as people come to see live music from international swing, blues and jazz musicians. The music festival has been staged every August since 1991. Audiences line the beach to enjoy incredible jazz music performed from a floating stage.

The IDidaRide and Run is another popular event for keen runners and mountain bikers, held in August. The event offers five events—three rides and two runs. The 41km is a ride only, while the 20km and 8.5km are ride or run events.

May Days is a century old Kaslo tradition, featuring maypole dancing, loggers' sports, and a parade that offers double the fun by circling the village centre twice.

## **Geography**

The village of Kaslo is the largest community located on the main body of Kootenay Lake. Most of the village of Kaslo sits on the floodplain formed by the outflow of the Kaslo River. The remainder of the village is located on bench land above the downtown core. The village is framed by the Purcell Mountain Range to the east and the Selkirk Mountain Range to the west. Mount Loki (2,779m/9,117ft) rises dramatically across Kootenay Lake and is a popular hike for locals. The Selkirks are home to the Goat Range and Kokanee Glacier Provincial Parks. Both parks offer a full range of four-season recreational opportunities.

## **Economy**

Overall, the average employment rate of Kaslo, BC is growing at an average of 0.14% per year over the past 15 years. In the last two census, its employment rate grew by 9 per cent, an average growth rate of 4.57% from 2011 to 2016. A growing employment rate signals that competition between job applicants are intensifying and that finding a job is becoming harder. It can also mean lower tax revenues for governments in the next few years, as people will have lower incomes to be taxed.

## **Government**

The Village of Kaslo is governed by a Mayor and four councillors and is administered by three professional staff.
